

'Real Time provides your firm the flexibility it needs.'

*Mike Ardis
Director of Communications
and Technology
National Association of
Professional Surplus
Lines Offices, Ltd.*

"Some accounts need protracted negotiation and complicated pairing of clients to carriers. Others are more straightforward and lend themselves to electronic submission. Why spend precious time on processing for those more streamlined accounts?"

"Real Time allows your professionals to expedite submissions where suitable and frees agents and brokers to focus on client care.

"Take a look at the implementation guide at getrealtime.org/growth/active.asp to get a feel for how Real Time can improve workflows for your staff."
