

# 'Real Time. What's not to like?'

*Lisa Parry Becker  
Vice President  
William B. Parry & Son, Ltd.  
Langhorne, PA*

**"Where are your people spending their time?"** Look at your processes—be willing to make changes and take advantage of Real Time functionality that is available today. Try different things and see what your results are.

"With Real Time, our employees process work more efficiently. As we use the Real Time technology our carriers provide, we encourage them to offer more. Plus, with that information in hand, we're more compelling when showing other companies the benefits of implementing Real Time."
