***NxTech Delivers Download Interface for
Privilege Underwriters Reciprocal Exchange (PURE)***

Milford, Ohio (December 1, 2009) – NxTech, Incorporated, a leading provider of Real Time and Download interfaces, system integration, and data management has completed the implementation of Personal Lines Download for Privilege Underwriters, Inc. (PURE) and their agencies.

This new process provides both PURE and its agents with significantly improved efficiency and ease of doing business through the synchronization of daily policy transaction activity. Agents using a variety of management systems from Applied Systems™ and Vertafore/AMS™ can now receive and directly update their account details for PURE Personal Lines Auto, Homeowners, Excess Liability, and Jewelry/Fine Arts policies without manual entry.

Stuart Tainsky, Senior Vice President and Chief Information Officer at PURE, said, “We are extremely pleased with the success of this project, and with our decision to select NxTech for their assistance in implementing this download process. PURE looks forward to continuing to deliver initiatives with the similar objective of providing the best service possible to our Agent Partners.”

Thad Bauer, President of NxTech added, “PURE has an aggressive direction with their Agency Interface initiatives, and we are pleased to be recognized as the partner to provide them first with an ACORD AL3 Download, and now to start working with PURE to round out their Real Time initiatives. We commend their insight and approach to providing their agents with these robust interface solutions.”
